PROLONGATION : Mobilities at University of Slavonski Brod – (Croatia) in the framework of the European Programme ERASMUS+ KA171

Objective

The Erasmus+ Programme – mobility for teaching offers the possibility to spend a period of **teaching** (only for academic staff) at **UNIVERSITY OF SLAVONSKI BROD – (CROATIA)** for **Academic Staff** from the University of Sfax.

The Erasmus+ Programme offers staff the chance to gain cultural experience abroad, become familiar with other higher education systems and meet people from other countries, actively contributing to the process of international integration.

Although the Erasmus program was initially addressed only to Programme Countries (EU), in 2015, for the first time, part of the EU funding will support mobility actions between Programme Countries and Partner Countries. To this respect, the Erasmus+ Programme is designed to support Programme Countries' efforts to efficiently use the potential of Europe's human talent and social capital, while confirming the principle of lifelong learning by linking support to formal, non-formal and informal learning throughout the education, training and youth fields. The Programme also enhances the opportunities for cooperation and mobility with Partner Countries, notably in the fields of higher education and youth.
