

PROLONGATION :**Call for Applications****Mobilities at Wroclaw University of Science and Technology (Poland) in the framework of the European Programme ERASMUS+ KA1****Objective**

The Erasmus+ Programme – mobility offers the possibility to spend a period of teaching for 4 academic staff from the University of Sfax at **Wroclaw University of Science and Technology**.

The **Erasmus+ Programme** is an initiative launched by the European Commission to fund mobilities among EU countries and between Programme Countries (EU countries) and Partner Countries (countries from the rest of the world). Every year, a new call for proposals will be open with the aim to promote socio-economic changes, the key challenges that Europe will be facing until the end of the decade and to support the implementation of the Europe 2020 strategy for growth, jobs, social equity and inclusion.

Although the Erasmus program was initially addressed only to Programme Countries (EU), in 2015, for the first time, part of the EU funding will support mobility actions between Programme Countries and Partner Countries. To this respect, the Erasmus+ Programme is designed to support Programme Countries' efforts to efficiently use the potential of Europe's human talent and social capital, while confirming the principle of lifelong learning by linking support to formal, non-formal and informal learning throughout the education, training and youth fields. The Programme also enhances the opportunities for cooperation and mobility with Partner Countries, notably in the fields of higher education and youth.

Fields of Education and Training:

- 1) Faculty of Architecture
- 2) Faculty of Civil Engineering
- 3) Faculty of Chemistry
- 4) Faculty of Information and Communication Technology
- 5) Faculty of Electrical Engineering
