Mobilities at Isparta University of Applied Sciences in the framework of the European Programme ERASMUS+ KA1

Objective

The Erasmus+ Programme – mobility offers the possibility to spend a period of teaching at **Isparta University** for **Teaching Staff** from the University of Sfax (Higher Institute of Biotechnology of Sfax) and for IRO staff.

The **Erasmus+ Programme** is an initiative launched by the European Commission to fund mobilities among EU countries and between Programme Countries (EU countries) and Partner Countries (countries from the rest of the world). Every year, a new call for proposals will be open with the aim to promote socio-economic changes, jobs, social equity and inclusion.

Although the Erasmus program was initially addressed only to Programme Countries (EU), in 2015, for the first time, part of the EU funding will support mobility actions between Programme Countries and Partner Countries. To this respect, the Erasmus+ Programme is designed to support Programme Countries' efforts to efficiently use the potential of Europe's human talent and social capital, while confirming the principle of lifelong learning by linking support to formal, non-formal and informal learning throughout the education, training and youth fields. The Programme also enhances the opportunities for cooperation and mobility with Partner Countries, notably in the fields of higher education and youth.
